Production Designer

Our Firm

CRI Communications, located in Atlanta, GA, is a growing corporate communications firm serving primarily Fortune 500 clients in the development, design and production of key stakeholder communications. Our clients represent some of the most well-known corporate names and brands in the U.S. We specialize in unique, customized ESG/Sustainability Reports and Annual Reports, which can range from approximately 16-pages to more than 100-pages, in both PDF/print formats and digital.

The Right Person

We are looking for a motivated self-starter to join our team as a production designer. This position will perform two primary duties:

- (1) address internal or client driven changes on a proof including text or data changes. These changes can be significant in number and deadline driven.
- (2) design/page layout changes in support of an art director who oversees the overall design of the project

If you are the right candidate for this position, you have a strong sense of design and attention to detail, vast experience in change execution in a file, understand and can develop data visualization, and can work well in a team environment where you can help to solve problems, address changes quickly and accurately and assist in meeting deadlines.

Requirements

- Two-to-three years professional experience, ideally in an agency setting.
- Skilled in the following software:
 - InDesign (primary software utilized by CRI)
 - Illustrator
 - Photoshop
 - Microsoft Office suite of products (WORD, PowerPoint, Excel, etc.)
- Can assist with file production and print-ready files.
- Understand and acknowledge demands of addressing changes in a fast pace environment that may require occasional nights and weekend work
- ADA compliance knowledge a plus.

This is a full-time position with an attractive benefits package. Interested candidates should submit a resume to careers@corporatereport.com.
